

# Independence Public Library Questions and Answers

## How will the drive-up book drop work?

The library will have a slot for returning books and a slot for returning A-V materials on the west side of the building. People will be able to drive up to these and return materials without entering the library. This will be handy when one doesn't have time to come into the library as well as when the library is closed. It will be convenient in that it is handicap accessible (unlike the current bookdrop) and people won't have to get out of their cars in order to return their materials.
