

Independence Public Library Questions and Answers

Have you noticed the new sign at the future library site?

A new sign was erected announcing the location of the new library to all who drive by 805 1st St. East. The \$550,000 CAT Grant awarded by Vision Iowa last week makes it evident that the community will have a new library within two years! Donations and pledges to date are at 82% of project goal, leaving approximately \$500,000 to complete the campaign.

Left to right: Danny Scott, Don Cook, Ron Melick, and Bill Stamper installed the sign at the new library site. Special thanks to Signs & More and Greenley Lumber.
