

Independence Public Library Questions and Answers

What will the new facility offer for teens in the area?

The new library will offer something for everyone! It will be a safe and inviting place for teens to hang out, do homework, work on projects with friends, listen to music, use computers, select books to check out, and attend programs. The design of the area is based on input from young adults. Near the teen area are the study rooms and computer area. Some teen programs will be held in the teen area while others will be located in the program room.
